## ABOUT

I am a second year student (Bachelor studies) at the Faculty of Computational Mathematics and Cybernetics, Lomonosov Moscow State University.

Area of interest: deep learning, image processing with neural networks.

## COURSES

Algorithms and Data Structures in Technosphere  
(February 2020 - May 2020)

Specialization Machine Learning and Data Analysis on Coursera  
(August 2020 - September 2020)

Listened CS231n: Convolutional Neural Networks for Visual Recognition  
(September 2020 - November 2020)

Introduction to Machine Learning in Technosphere  
(October 2020 - December 2020)

Deep Learning in Computer Vision on Coursera  
(January 2021 - February 2021)

## OTHER INFORMATION

- Upper-Intermediate level of English
- The first sports category in swimming
